PLANT-BASED CHICKEN & BEEF VERSATILITY

Plant-based has never been more popular. Consumers of all ages are constantly seeking animal alternatives when dining away from home and are excited to try the newest menu innovations that bring more plant-based variety to your offerings.

We know you need your ingredients to do more on your menu.

WORTHINGTON® CHICKETTS™ CRUMBLES & BEEF CRUMBLES are the versatile plant-based vegan solution for so many of your popular chicken and beef dishes. This Non-GMO protein provides all the great taste of meaty crumbles in a convenient plant-based form with no artificial ingredients.

So many possibilities in one versatile crumble

This protein packed vegan solution is the perfect building block for so many plant-based menu opportunities.

Build tacos, pizza, chili, omelets, sauces and more to create the perfect plant-based chicken or beef menu alternative.
