PLANT-BASED PIZZA TOPPINGS!

“Vegetarians and vegans are looking for more than just pineapple, green peppers, and black olives on top of their pizzas. Vegan dishes are showing up on 187% more menus with options like Vegan Lovers Pizza, featuring ... plant-based meats.” (2022 Pizza Trends on the Rise ventionovens.com 2022)

We know you need your ingredients to do more on your menu.

WORTHINGTON® VEGAN PEPPERONI SLICES, VEGAN CHICKETTS™ CRUMBLES and VEGAN BEEF CRUMBLES are the versatile plant-based solution for so many of your popular pepperoni, chicken and beef dishes. These Non-GMO proteins provide all the great taste of meat in a convenient plant-based form with no artificial ingredients.

So many versatile possibilities

These protein packed vegan solutions are the perfect building blocks for so many plant-based menu opportunities.

Build pizza, calzones, tacos, chili, omelets, sauces and more to create the perfect plant-based pepperoni, chicken or beef menu alternatives.
